

**International Ewing Spring Meeting 2020  
20<sup>th</sup> of April 2020  
VIRTUAL MEETING**

**AGENDA for the Online Meeting**

As communicated before we will have an online meeting this time. The agenda has been shortened. We invite all people who had planned to present data and projects to send a narrated powerpoint or a video presentation. The presentations will be available by a secure cloud system. Please be aware that the online meeting will start early in the morning 8 am CET. This allows the participation of our colleagues from down under.
